Energy and environment. There was a time when it was one or the other. No more.

For driving one of the earliest and most aggressive carbon reduction plans to be announced by an energy company, DTE Energy Chairman and CEO Gerry Anderson has been selected as the recipient of the Individual Climate Leadership award by the Center for Climate and Energy Solutions and The Climate Registry.

A cherry good time was had by all

More than 500,000 people - including dozens of DTE Energy volunteers - came to the 2018 National Cherry Festival to listen to live music, participate in 150 events and, of course, enjoy all things cherry. The DTE Energy Foundation is a key sponsor for this Michigan tradition, supporting the festival's recycling efforts and the Cherry Royale Parade.

Summer fun in the Great Lakes State, brought to you by DTE

Blue skies, temps rising, the days getting longer – the Michigan summer everyone dreamed of in mid-January is finally here – and DTE Energy is helping ensure there's fun on the agenda every week this summer by supporting free events across the state!

Planting 3,000 trees to restore Traverse City-area's Soper Creek

Al Whitehouse grew up near Soper Creek, a tributary of the Manistee River near Manton, Mich., and fished the waters as a boy catching trout and playing along the creek, just as many Michigan children do. With years of memories to reflect on, it was to his dismay when he discovered the trout farm had been abandoned and had fallen into disrepair in the 1980s. When the land went up for sale, he knew he had to act.
