## Domino's Farms goes green

When looking for office space, not many buildings can provide a campus with 100 acres of open pasture, cultivated farmland and bison grazing near an on-site solar park. But for Domino's Farms, fitting in with the environment also means working to protect and preserve it.

## Strengthening partnerships for workforce development

Like many states around the country, Michigan is experiencing a shortage of workers to fill jobs in the skilled trades. To narrow the gap, DTE is spearheading several initiatives aimed at attracting and training students for careers.

## Delivering better service starts with providing better information

We recently launched a brand-new Outage Center on our [dteenergy.com](#) website. The new page is a one-stop shop combining our Outage Map, Report Outage and Report Down Line pages into one easy-to-access location.
