

DTE

Surge program

Safeguard your home with DTE's family of Surge programs

Electricity may be a vital part of our day-to-day life, too much of it can be a bad thing. Power surges – caused by things like lightning strikes, ice snapping powerlines or plugging a new electronic into your home – can cause thousands in damage and plenty of headaches. While unpredictable surges can't be prevented, there is a way to protect your home from the damage caused by powerful surges.

DTE's Surge Protection Program is an affordable way to ensure that, when a surge strikes, you're prepared. With four tiers of coverage, there's a plan that's right for customers looking to protect everything from their computers to their furnaces and everything in between.

PROTECTION: Storms and lightning strikes can cause damaging power surges. Help protect your home with the Surge program that is right for you.

For those whose ovens, refrigerators or furnaces are top of mind, the Appliance Surge Coverage program may be right for you. Built for homeowners looking to cover the things their families rely on most, this **\$4.99 per month** plan will provide up to \$1,000 per event. Customers can combine these two programs with Whole Home Surge Coverage for a discounted rate of \$7.99 per month.

Customers who have DTE Electric service and want true peace of mind when it comes to safeguarding their electronics can get Surge Protection Ultimate for just **\$12.99 per month**. DTE will install a device on your electric meter to prevent surges from entering your home – like plugging your entire house into a surge protector – and covers all of your electronics, from air conditioners to laptops. If you still see damage from powerful surges, this coverage provides **\$5,000 per event** for appliances and \$1,000 per event for electronics to repair or replace the tools your family uses every day.

For customers who want to safeguard electronics like gaming consoles, TVs and computers, the Electronics Surge Program provides coverage tailored to these devices for just **\$4.99 per month**. This program is ideal for renters and provides up to \$1,000 per event to repair or replace damaged electronics.

For those whose ovens, refrigerators or furnaces are top of mind, the Appliance Surge Coverage program may be right for you. Built for homeowners looking to cover the things their families rely on most, this **\$4.99 per month** plan will provide up to \$1,000 per event. Customers can combine these two programs with Whole Home Surge Coverage for a discounted rate of \$7.99 per month.

Dealing with damage from unpredictable power surges can be expensive and time consuming but with DTE's Surge Protection Program, you can rest easy knowing your family and your budget are protected.
